## contemporary motion dance school

This creative dance class provides skills in confidence, co-ordination and teamwork. The class is open to boys and girls in year 2 and upwards as the routines are challenging but also fun, artistic and imaginative. The class is open to all abilities. Each week the class will begin with a technical high energy warm up, including muscle strengthening and confidence building exercises. Dance is created through improvisation and choreography set in class. The class aims to work towards different shows throughout the year.
